AGENDA

No.	Task	Follow up
1	**Functionality comparison** • Need more detailed functionality to know what is the exact functionality • Possible to interview nurses from various hospitals o Check with client to check if you can interview one nurse from each hospital • No need to include things which are not intended for these students • Prof Debin mentioned that it is alright to just compare 2 Singapore Hospitals if unable to get more	Shi Qi to check with client if she is able to get us some certified nurses and interview them for the market research

2	**Task metrics**
	• In terms of hours
	• Iteration 4
	   o Need to be able to explain the fluctuation in the chart. E.g. why 31 compared to 59
	   o Reason: Exam period
		NA

3	**Testing** • Still in the midst of trying out Junit	Shi Qi to update Prof Debin if there is any advancement for the automated testing. Gladys to continue exploring Junit.
4	**Development** New Cases • Prof Debin: Is there a way to evaluate how complete these cases are?	Shi Qi to schedule a task at the later iterations for the "save as" dialog as there are more important features to be completed.

	• How the system is going to cater to these cases • E.g. this particular case cover how much %? • E.g. these 7 cases covers xx% of all the cases Keywords • Add keywords for the PDF recognition iText • Should be compatible for as many PDF versions • Should be able to cater to past versions Export Submissions • Hard coded link • Team is still trying to do a "save as" dialog	
5	**Architecture** - Prof Debin: Server should be able to cater to many connections. Team should relook into the architecture and ensure that system can handle concurrent users.	Team to discuss on this issue on the next team meeting

The meeting was adjourned at 4:30 pm. These minutes will be circulated and adopted if there are no amendments reported in the next three days.
